

Shiny Oh

Captain Captain o you're a Dandy

Way Hey Shiny O

Captain, Captain yer loves yer brandy

Way Hey Shiny O

Won't you ferry me over to Dover

Won't you ferry me all the way to Dover

From Queenstown to Dover's a hundred miles or over

Queenstown to Dover I wish the trip were over

Captain, Captain how deep is the water?

It measures one inch six feet and a quarter

Captain, Captain I loves yer daughter

Captain, Captain I loves yer daughter

Shiny O is the Captain's daughter

For her I'd sail across the water

Hens and chickens are a'flying over

When she pitches she pitches into Dover

The boat, the boat she is a bleedin' rollin'

Oh get to Dover before me head is stove in

Captain, captain can I stop this pumpin'

I'd even take a turn on the capstan

Captain, Captain o you are a dandy

Captain, Captain yer loves yer brandy
