

Bring `em down

In Liverpool I was born!

Bring `em down,

London is me home from home!

Bring `em down!

Them Rotherhithe girls, they look so fine,
They're never a day behind their time!

It's around Cape Horn we go,
All through the ice and snow!

Up the coast to Vallipo,
Northward on to Callao

Them Vallipo girls I do admire,
They set your riggin' all afire!

Them Vallipo girls puts on a show,
They waggles their arse with a roll and go!

It's back again to Liverpool,
I spent me pay like a bloody fool!

I'm Liverpool born and Liverpool bred,
Strong in the arm and thick in the head!

Rock and roll me over, boys,
Let's get this damn job over, boys!
